Basic Metabolic Panel	19 (6.4%)	67 (22.7%)	93 (31.5%)	<b>98 (33.2%)</b>	18 (6.1%)
Chest x ray	1 (0.3%)	17 (5.8%)	61 (20.7%)	107 (36.3%)	<b>109 (36.9%)</b>

Supplemental Figure 2. Provider selections of approximate charge for the 5 items contained in the survey. Estimates are shown for all of the survey respondents (n = 295); the number of respondents selecting each approximate charge is presented, with the percentage out of total respondents is given in parentheses. The correct estimate for each surveyed item is denoted with bold, italicized text for the number and percentage of respondents.
