	outpatientanesthesia
	pedsanesth
	perioperativeTEE
	regionalanes
	thoracicanesthesia

**Supplemental Table 2 Hashtags too general for anesthesia-specific discussions**

Hashtag	Reason for being too general
anaesthetic	Many product advertisements, little academic discussion
anesthetic	Many product advertisements, little academic discussion
epidural	Generalized - also includes neurologic/neurosurgical tweets
eras	Also used for Electronic Residency Application Service
perioperative	Used also for surgical discussions, not as anesthesia-specific
PNB	An acronym also popular among banks and other organizations
regional	Very generalized hashtag with many uses outside of medicine
TIVA	Used also for fan discussions around a television show
