West African Global Health Leaders Fellowship – Follow Up Questionnaire

Dear Fellows,

We would really appreciate your candid input to help us keep track of the fellowship and understand how better to support you. This will just take a few minutes to complete and your responses are confidential. This questionnaire is coming to you six months after your fellowship; please do your best to consider the general time period from last October until now.

Many thanks!

Looking back at the timing of the phases of the fellowship: (1 month in London, 10 months in country, 3 weeks return to Geneva and London) was:

We relied on remote mentorship with experts from Chatham House during your 10 months of project work. How did this work for you?					
Excellent	Good	Adequate	Not Good	Not Sure	
Comment:					
We understood from earlier evaluations that the project work schedule versus your everyday responsibilities was challenging. How would you rate that now?					
Excellent	Good	Adequate	Not Good	Not Sure	
Comment:					
Opportunities to present your projects during your fellowship were sometimes an issue. Looking back, how do you feel about your opportunities to present during the period following your fellowship?
