

Appendix 1. Diagnostic and Procedural Codes for Retinal Disorders and Metabolic Disease

	International Classification of Diseases 9 th revision (Canadian Classification of Diagnostic, Therapeutic, and Surgical Procedures)*	International Classification of Diseases 10 th revision (Canadian Classification of Health Interventions) [†]
Retinal detachment		
Serous	361.2	H33.2
Traction	361.81	H33.4
Rhegmatogenous	361.0	H33.0
Break	361.1, 361.3, 362.4	H33.1, H33.3, H35.7
Unspecified	361.89, 361.9	H33.5
Any	361.0-361.9, 362.4 (28.4)	H33.0-H33.5, H35.7 (1.CN.59)
Retinopathy		
Diabetic	362.0	H36.0
Nondiabetic	362.1, 362.29	H35.0, H35.2
Any	362.0, 362.1, 362.29	H35.0, H35.2, H36.0
Other retina	362.3, 362.5-362.9	H34, H35.3-H35.6, H35.8, H35.9, H36.8
Any retina	361-362.18, 362.29-362.9 (28.4- 28.63)	H33-H35.0, H35.2-H36.8 (1.CN)
Metabolic disease [‡]	249, 250, 272, 278.0, 401-405, 642.0-642.2, 642.9, 648.0, 649.1	E10-E14, E66, E78, I10-I15, O10, O24.5-O24.7

*Years 1989-2005

[†]Years 2006-2014

[‡]Diabetes, hypertension, obesity, dyslipidemia

Auger N, Fraser WD, Paradis G, Healy-Profittós J, Hsieh A, Rhéaume MA. Preeclampsia and long-term risk of maternal retinal disorders. *Obstet Gynecol* 2017;129.

Appendix 2. Number of Women Remaining at Risk at Each Time Point

	Number of years after index delivery						
	0	4	8	12	16	20	24
Any retinal detachment							
Preeclampsia	64,350	55,719	43,680	34,415	25,310	15,419	3,357
No preeclampsia	1,044,191	929,893	778,212	641,445	507,961	347,803	88,442
Serous retinal detachment							
Preeclampsia	64,350	55,743	43,705	34,453	25,343	15,451	3,369
No preeclampsia	1,044,191	930,061	778,513	641,815	508,405	348,219	88,624
Traction retinal detachment							
Preeclampsia	64,350	55,741	43,705	34,454	25,344	15,453	3,369
No preeclampsia	1,044,191	930,078	778,535	641,825	508,413	348,244	88,641
Rhegmatogenous retinal detachment							
Preeclampsia	64,350	55,737	43,699	34,442	25,336	15,448	3,367
No preeclampsia	1,044,191	930,001	778,385	641,651	508,204	348,059	88,560
Retinal break							
Preeclampsia	64,350	55,745	43,706	34,454	25,345	15,458	3,368
No preeclampsia	1,044,191	930,066	778,526	641,825	508,415	348,249	88,638
Unspecified retinal detachment							
Preeclampsia	64,350	55,729	43,688	34,435	25,327	15,439	3,361
No preeclampsia	1,044,191	929,985	778,384	641,641	508,198	348,056	88,557
Any retinopathy							
Preeclampsia	64,350	55,680	43,634	34,385	25,276	15,392	3,353
No preeclampsia	1,044,191	929,984	778,401	641,659	508,233	348,096	88,580
Diabetic retinopathy							
Preeclampsia	64,350	55,689	43,646	34,398	25,288	15,402	3,358
No preeclampsia	1,044,191	930,004	778,431	641,699	508,281	348,136	88,597
Nondiabetic retinopathy							
Preeclampsia	64,350	55,734	43,692	34,443	25,332	15,449	3,365
No preeclampsia	1,044,191	930,055	778,507	641,792	508,380	348,232	88,632
Other retinal disorders							
Preeclampsia	64,350	55,736	43,696	34,444	25,331	15,441	3,364
No preeclampsia	1,044,191	930,033	778,455	641,710	508,280	348,128	88,588
