

	<b>Without DeVega</b> (n=104)	<b>With DeVega</b> (n=76)	<b><i>P</i> value</b>
1 <sup>st</sup> degree AVB	3 (2.9%)	6 (8%)	0.12
Bifascicular block (%)	2 (1.9%)	4 (5.3%)	NS
Trifascicular block (%)	0 (0%)	2 (2.6%)	NS
LBBB (%)	0 (0%)	1 (1.3%)	NS

**Supplemental table 3. Additional conduction abnormalities during the first week after OHT between DVA and no DVA patients.** There was no significant difference between DVA and no DVA groups. LBBB = left bundle branch block; AVB = atrioventricular block.
