

Survey before video

Please complete the survey below.

Thank you!

- | | nothing | very little | some things | a lot | almost everything |
|---|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| 1) How much do you know about LYME DISEASE? | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| 2) How much do you know about the TREATMENT of Lyme disase? | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

3) How old is your child? (years)

4) How would you describe your race / ethnicity? You may choose more than one option

- ☐ American Indian or Alaska Native
- ☐ Asian/Asian-American
- ☐ Black or African American
- ☐ Pacific Islander/Native Hawaiian
- ☐ White/Caucasian
- ☐ Hispanic/Latino
- ☐ Not Hispanic/Latino
- ☐ Other Race/Ethnicity
- ☐ Don't Know/Refuse

5) What best describes the highest level of education you completed?

- ☐ Less than 12th grade
- ☐ Graduated from High School, but not college
- ☐ Graduated from 2 year college, 4 year college, or trade school

-
-
- 6) Do you understand that your child DOES NOT have Lyme disease, and the following video an questions are just asking you to PRETEND your child has Lyme disease? ☐ Yes ☐ No

Postvideo Survey

Based on the video you just saw, please complete the survey below.

Thank you!

Have you watched the 10 minute video yet? if NO, THEN STOP HERE

-
-
- 7) If your child was diagnosed with Lyme disease, would you consent to your child participating in the treatment study described in the video?

☐ Yes
☐ No

-
-
- 8) Which of the following ways to treat meningitis due to Lyme disease do you think WORKS BEST?
- ☐ Antibiotics by mouth
 - ☐ IV antibiotics
 - ☐ I think they are equal
- 9) Which of the following ways to treat meningitis due to Lyme disease do you think is SAFEST for your child?
- ☐ Antibiotics by mouth
 - ☐ IV antibiotics
 - ☐ I think they are equally safe
- 10) Which of the following ways to treat meningitis due to Lyme disease would you PREFER?
- ☐ Antibiotics by mouth
 - ☐ IV antibiotics
 - ☐ I think they are equal

11) What information would you have liked to hear more about to help you make your decision? (Check all that apply)

- ☐ Lyme disease
- ☐ Meningitis
- ☐ Antibiotic side effects
- ☐ IV (PICC line) side effects
- ☐ Other

12) Please specify what additional information would be useful.

13) Now pretend that treatment with IV antibiotics was known to be better than antibiotics by mouth. How many days more of symptoms like headache, stiff neck, and fatigue would you think is OK if you could use antibiotics by mouth instead of through the IV?

- ☐ I would always prefer the IV treatment
- ☐ One more day would be OK if we could use antibiotics by mouth instead of through an IV
- ☐ Two more days would be OK if we could use antibiotics by mouth instead of through an IV
- ☐ Three more days would be OK if we could use antibiotics by mouth instead of through an IV
- ☐ One more week would be OK if we could use antibiotics by mouth instead of through an IV
- ☐ I would always prefer antibiotics by mouth as long as the symptoms eventually go away
