

Dear Author,

Please review the fees to produce your figures in color in print in the *Journal of Addiction Medicine*. The price for the first color figure is \$500. The charge for each additional color figure is \$150.

If this charge meets with your approval, please identify which figures should be printed in color, sign, and e-mail a copy of this letter to my attention. If your institution or affiliation will cover the cost, please have your purchasing agent sign below. You will be invoiced for all article charges (color separations, reprints, etc.) after publication.

If you do not wish your figures to print in color, please indicate "Decline color" below and email a copy of this letter to my attention. The figures will then appear in black and white in print and in color in the online version of your article.

Prompt return of the signed form, even if you choose to decline color, will avoid delays in publication.

Thank you,
