

Disclosure Study Evaluation Form

Adam A. Sassoon, MD, MS
Robert T. Trousdale, MD

Instructions

Please fill out one form for each paper presented or for each separate presenter at an instructional course lecture (ICL). Please answer the first six questions and mark or circle one answer for each of the subsequent questions. Please take a photo of the disclosure slide for each paper presented and use this to fill out question #5. Please use a stopwatch to record the amount of time during which the disclosure slide is shown to answer question #6, rounding down to the nearest whole second. If the disclosure slide was taken down too fast to obtain an answer for #5 or #6, please record "too fast." Please record zero for questions #5 and #6 if no disclosure slide was shown.

1. Paper name:
2. Presenter name:
3. Date of presentation:
4. Time that paper session/ICL began:
5. Number of words in the disclosure slide:
6. Time in seconds that the disclosure slide remained visible:
7. Paper session category (please circle one):
 - a. Adult reconstruction
 - b. Basic research
 - c. Foot and ankle
 - d. General
 - e. Hand and wrist
 - f. Pediatrics
 - g. Practice management/nonclinical
 - h. Shoulder and elbow
 - i. Spine
 - j. Sports medicine/arthroscopy
 - k. Trauma
 - l. Tumor and metabolic disease
8. Was a disclosure slide shown?
 - a. Yes
 - b. No
9. Did the slide note whether the author's disclosures were related to the data?
 - a. Yes
 - b. No
10. If there were multiple authors on the paper, were they included on the disclosure slide?

- a. There were no other authors.
 - b. There were coauthors, but their disclosures were not on the slide.
 - c. There were coauthors, and their disclosures were included on the slide, as well as the presenter's disclosures.
11. Did the slide note whether the coauthors' disclosures were related to the data?
 - a. Yes
 - b. No
