

Noise Control

Hospitals are by nature noisy places. We are doing everything we can to always keep your room quiet.

Would you like:

_____ To keep your **door closed**?

_____ **Ear plugs**?

_____ Your **lights off** at night?

_____ A **night light**?

_____ A **Do Not Disturb** sign?

Please call 45400 with any concerns about noise. Thank you for participating in our noise control initiative.

Claire Wilson, Director 5400 - 330-344-6361
