

**SDC\_2**

## Device Selection Criteria Supplemental Information Assessment

**Additional Information**

Type of Unit	Number of Beds	Number of Mobile Devices				Number of Fixed Devices	
		Mobile Cart	Laptop	Tablet	Handheld	In Patient Room	Outside of Patient Room
Acute Care							
Critical Care							
Psychiatric Care							
Other							

Do you believe you have enough devices within patient care areas to support bedside clinical data entry? Yes or No, please explain.

If you have fixed devices in the patient room, where are they located (mounted to the wall, mounted to the bed, on a counter top, table or desk)?
