

**A**

- Presence of a short 4qA allele
- SMCHD1 variant or methylation <40%
- other

**B**

- Methylation <40%
- Methylation 40-65%
- Methylation >65%

**C****Classification:**

- 4q35 cis-duplication
- 4q35 cis-duplication in mosaic
- 4q35 cis-triplication
- Other 4q35 rearrangement
- Presence of additional telomeric probes
- 10q rearrangements
