

Resource I. Clinical Practice Guideline Proposal Form

Clinical Practice Guideline (CPG) Proposal Form

Team Leader Name:

Address:

Email Address:

APTA Member number:

Proposed CPG Topic/Title:

Guideline Development Group Members

(List the Name, Address, Email Address, and APTA Member number for each person.)

Rationale for the CPG

Describe what is missing in the clinical literature and how a CPG on this topic will fill that gap or assist clinicians in providing higher quality care to patients with the condition or diagnosis.

Preliminary Search History

Attach a summary of a preliminary search on the topic and provide an estimate of the body of literature that will be reviewed on the topic. Address the gaps in the literature and/or limitations of current guidelines that justify writing a new CPG.
