

Buttock Aesthetics

Goal of this study is to analyze aesthetic preferences regarding the most attractive buttock size, to determine any existing socio-demographic differences.

We would greatly appreciate your opinion! Responses are anonymous and no personally identifiable information is recorded. This survey was approved by the Human Investigation Committee of the Technical University Munich, School of Medicine under HIC# 311/15, PI P. Niclas Broer.

Any questions or comments may be addressed to Paul Heidekrueger: p.heidekrueger@plastic-surgery-survey.com.
