

Appendix 2 Coinvestigators

Name	Location	Role	Contribution
Anne-Katrin Giese, MD	Massachusetts General Hospital, Boston, USA	Site investigator	Data acquisition; data analysis; image preprocessing; data base creation
Markus D. Schirmer, PhD	Massachusetts General Hospital, Boston, USA	Site investigator	Data analysis; image preprocessing; data base creation
Adrian V. Dalca, PhD	Massachusetts Institute of Technology, Cambridge, USA	Site investigator	Data analysis; image preprocessing; data base creation
Ramesh Sridharan, PhD	Massachusetts Institute of Technology, Cambridge, USA	Site investigator	Data analysis; image preprocessing; data base creation
Kathleen L. Donahue, BS	Massachusetts General Hospital, Boston, USA	Site investigator	Data analysis; image preprocessing; data base creation
Marco Nardin, MS	Massachusetts General Hospital, Boston, USA	Site investigator	Data analysis; image preprocessing; data base creation
Robert Irie, PhD	Massachusetts General Hospital, Boston, USA	Site investigator	Image preprocessing; database creation
Elissa C. McIntosh, MA	Massachusetts General Hospital, Boston, USA	Site investigator	Image preprocessing; database creation
Steven J.T. Mocking, MSc	Massachusetts General Hospital, Boston, USA	Site investigator	Image preprocessing; database creation
Huichun Xu, MD, PhD	University of Maryland, Baltimore, USA	Site investigator	Data analysis; coordinated research at respective site
John W. Cole, MD	University of Maryland, Baltimore, USA	Site investigator	Data acquisition; coordinated research at respective site
Eva Giralt-Steinhauer, MD, PhD	Universitat Autònoma de Barcelona, Barcelona, Spain	Site investigator	Data acquisition; coordinated research at respective site
Jordi-Jimenez-Conde, MD, PhD	Universitat Autònoma de Barcelona, Barcelona, Spain	Site investigator	Data acquisition; coordinated research at respective site
Christina Jern, MD, PhD	University of Gothenburg, Gothenburg, Sweden	Site investigator	Data acquisition; coordinated research at respective site
Dawn O. Kleindorfer, MD	University of Cincinnati, Cincinnati, USA	Site investigator	Data acquisition; coordinated research at respective site

Robin Lemmens, MD, PhD	University of Leuven, Leuven, Belgium	Site investigator	Data acquisition; coordinated research at respective site
Johan Wasselius, MD	Skåne University, Lund, Sweden	Site investigator	Data acquisition; coordinated research at respective site
Arne Lindgren, MD, PhD	Skåne University, Lund, Sweden	Site investigator	Data acquisition; coordinated research at respective site
Tatjana Rundek, MD, PhD	University of Miami, Miami, USA	Site investigator	Data acquisition; coordinated research at respective site
Ralph L. Sacco, MD, MS	University of Miami, Miami, USA	Site investigator	Data acquisition; coordinated research at respective site
Reinhold Schmidt, MD	Medical University Graz, Graz, Austria	Site investigator	Data acquisition; coordinated research at respective site
Pankaj Sharma, MD, PhD	Royal Holloway University of London, Egham, UK	Site investigator	Data acquisition; coordinated research at respective site
Agnieszka Slowik, MD, PhD	Jagiellonian University, Krakow, Poland	Site investigator	Data acquisition; coordinated research at respective site
Vincent Thijs, MD, PhD	University of Melbourne, Heidelberg, Australia	Site investigator	Data acquisition; coordinated research at respective site
Bradford B. Worrall, MD, MSc	University of Virginia, Charlottesville, USA	Site investigator	Data acquisition; coordinated research at respective site
Daniel Woo, MD, MS	University of Cincinnati, USA	Site investigator	Data acquisition; coordinated research at respective site
Steven J. Kittner, MD, MPH	University of Maryland, Baltimore, USA	Site investigator	Data acquisition; coordinated research at respective site
Patrick F. McArdle, PhD	University of Maryland, Baltimore, USA	Site investigator	Data acquisition; coordinated research at respective site
Braxton D. Mitchell, PhD, MPH	University of Maryland, Baltimore, USA	Site investigator	Data acquisition and analysis; coordinated research at respective site
Jonathan Rosand, MD, MSc	Massachusetts General Hospital, Boston, USA	Site investigator	Data acquisition; coordinated research at respective site

James F. Meschia, MD	Mayo Clinic, Jacksonville, USA	Site investigator	Data acquisition; coordinated research at respective site
Ona Wu, PhD	Massachusetts General Hospital, Boston, USA	Site investigator	Data acquisition; coordinated research at respective site; image preprocessing; data base creation
Polina Golland, PhD	Massachusetts Institute of Technology, Cambridge, USA	Site investigator	Data analysis; image preprocessing; data base creation
Natalia S. Rost, MD, MPH	Massachusetts General Hospital, Boston, USA	Principal investigator	Data analysis; data acquisition; coordinated research at respective site
