
Appendix 2 Coinvestigators

Name	Location	Role	Contribution
Ruben Kuzniecky, MD	Northwell Health, New York	HEP Primary Investigator, Chair of HEP MRI Core, work for HEP Enrollment Core, Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Daniel Lowenstein, MD	University of California San Francisco, California	HEP Primary Investigator, work for HEP Biomarkers Core, Chair of HEP Enrollment Core, Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Jacqueline French, MD	New York University School of Medicine, New York	HEP Primary Investigator, Chair of HEP Seizure Diary core, work for HEP Neuropharmacology Core and Site Principal investigator	Study design, recruitment of participants, acquisition of data
Sabrina Cristofaro, RN, BSN	New York University School of Medicine, New York	HEP Project Director	Study design
Kevin McKenna	University of California San Francisco, California	HEP Informatics Manager	Management of data
Vickie Mays	University of California San Francisco, California	HEP Informatics Data Coordinator	Management of data
Darrell Shack	University of California San Francisco, California	HEP Informatics Programmer	Management of data
Cheryl Burke	Epilepsy Study Consortium	Clinical Data Monitor and Financial Analyst	Management of data

Tracy Glauser, MD	Cincinnati Children's Hospital Medical Center, Ohio	Work for HEP Biomarkers Core, work for HEP Neuropharmacology Core	Study design
Terence O'Brien, MD	Monash University School of Medicine, Australia	Work for HEP Biomarkers Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
John Pollard, MD	Christiana Care Health System, Delaware	Work for HEP Biomarkers Core	Study design
Tricia Ting, MD	Georgetown University, Washington DC	Work for HEP Biomarkers Core	Study design
Kimford Meador, MD	Stanford University Medical Center, California	Chair of HEP Cognition Core	Study design
David Darby, MBBS, PhD	The Royal Melbourne Hospital, Australia	Work for HEP Cognition Core	Study design
Chris Morrison, PhD	New York University School of Medicine, New York	Work for HEP Cognition Core	Study design
Terence O'Brien, MD	Monash University School of Medicine, Australia	Work for HEP Cognition Core, work for HEP Comorbidities Core	Study design
Patricia Penovich, MD	Minnesota Epilepsy Group, Minnesota	Work for HEP Cognition Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Adrian Schembri, DPsych	Cogstate, Connecticut	Work for HEP Cognition Core	Study design
Andres Kanner, MD	University of Miami Hospital, Florida	Chair of HEP Comorbidities Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data

Hamada Hamid Altilab, MD	Yale University, Connecticut	Work for HEP Comorbidities Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
John Barry, MD	Stanford University Medical Center, California	Work for HEP Comorbidities Core	Study design
Dale Hesdorffer, PhD	Columbia University, New York	Work for HEP Comorbidities Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Omotola Hope, MD	University of Texas, Texas	Work for HEP Comorbidities Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Siddhartha Nadkarni, MD	New York University School of Medicine, New York	Work for HEP Comorbidities Core	Study design
Michael Sperling, MD	Thomas Jefferson University, Pennsylvania	Work for HEP Comorbidities Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Melodie Winawer, MD, MS	Columbia University, New York	Work for HEP Comorbidities Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Dennis Dlugos, MD	The Children's Hospital of Philadelphia, Pennsylvania	Chair of HEP EEG Core	Study design
Jules Beal, MD	Albert Einstein College of Medicine, New York	Work for HEP EEG Core	Study design
Alexis Boro, MD	Albert Einstein College of Medicine, New York	Work for HEP EEG Core	Study design

Susan Herman, MD	Beth Israel Deaconess Medical Center, Massachusetts	Work for HEP EEG Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Rani Singh, MD	Carolinas Medical Center, North Carolina	Work for HEP EEG Core	Study design
John Halford, MD	Medical University of South Carolina, South Carolina	Work for HEP EEG Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Liu Lin Thio, MD	Washington University, Missouri	Work for HEP Enrollment Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Heath Pardoe, BSc, PhD	New York University School of Medicine, New York	Work for HEP MRI Core	Study design
Gregory Cascino, MD	Mayo Clinic, Minnesota	Work for HEP MRI Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Simon Glynn, MD	University of Michigan, Michigan	Work for HEP MRI Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Graeme Jackson, MD	The Florey Institute of Neuroscience and Mental Health, Australia	Work for HEP MRI Core	Study design
Robert Knowlton, MD	University of California San Francisco, California	Work for HEP MRI Core	Study design
Barry Gidal, PharmD	University of Wisconsin-Madison, Wisconsin	Chair of HEP Neuropharmacology Core	Study design

Bassel Abou-Khalil, MD	Vanderbilt University, Tennessee	Work for HEP Neuropharmacology Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Brian Alldredge, PharmD	University of California San Francisco, California	Work for HEP Neuropharmacology Core	Study design
Edward Faught, MD	Emory University, Georgia	Work for HEP Neuropharmacology Core	Study design
David Ficker, MD	University of Cincinnati Medical Center, Ohio	Work for HEP Neuropharmacology Core	Study design
Pavel Klein, MD	Mid-Atlantic Epilepsy and Sleep Center, Maryland	Work for HEP Neuropharmacology Core, work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Scott Mintzer, MD	Thomas Jefferson University, Pennsylvania	Work for HEP Neuropharmacology Core	Study design
Peter Widdess-Walsh, MD	Beaumont Hospital, New Jersey	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Kaarkuzhali Krishnamurthy, MD	Beth Israel Deaconess Medical Center, Massachusetts	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data
Kristen Park, MD	Children's Hospital Colorado, Colorado	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Michael Gelfand, MD	Hospital of the University of Pennsylvania, Pennsylvania	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data

Joon Kang, MD	Johns Hopkins School of Medicine, Maryland	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Gregory Krauss, MD	Johns Hopkins School of Medicine, Maryland	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data
Andrew Cole, MD	Massachusetts General Hospital	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Paul Atkinson, MD	Minnesota Epilepsy Group, Minnesota	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Eugen Trinka, MD	Paracelsus Medical University, Austria	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Margarita Kirschner, MD	Paracelsus Medical University, Austria	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data
Elisabeth Schmid, MD	Paracelsus Medical University, Austria	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data
Ernest Somerville, MD	Prince of Wales Hospital, Austria	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Christian Zentner, MD	Prince of Wales Hospital, Austria	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data
Hanka Laue-Gizzi, MD	Prince of Wales Hospital, Austria	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data

Andy Rodriguez, MD	St. Barnabas Medical Center, New Jersey	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Orrin Devinsky, MD	St. Barnabas Medical Center, New Jersey	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data
Mangala Nadkarni, MD	St. Barnabas Medical Center, New Jersey	Work for HEP Seizure Diary Core and Site Co-Principal Investigator	Study design, recruitment of participants, acquisition of data
Mark Cook, MD	St. Vincent's Hospital, Australia	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Sam Berkovic, MD	The University of Melbourne, Australia	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Martina Bebin, MD	University of Alabama School of Medicine, Alabama	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Jerzy Szaflarski, MD, PhD	University of Alabama School of Medicine, Alabama	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Charles Szabo, MD	University of Texas Health Science Center at San Antonio, Texas	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Jorge Burneo, MD	University of Western Ontario, Canada	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
Judy Weisenberg, MD	Washington University, Missouri	Work for HEP Seizure Diary Core and Site Principal Investigator	Study design, recruitment of participants, acquisition of data
