
Appendix 2 Coinvestigators

Name	Location	Role	Contribution
Catherine Ashmore, RD	Birmingham, UK	Consortium member	Part of consortium which provided access to their data
Verena Aziz, BS, MIT	Seattle, WA, USA	Consortium member	Part of consortium which provided access to their data
Laurie Bernstein, MS, RD	Aurora, CO, USA	Consortium member	Part of consortium which provided access to their data
François Boemer, PhD	Liège, Belgium	Consortium member	Part of consortium which provided access to their data
Daniela Buhas, MD	Montreal, Canada	Consortium member	Part of consortium which provided access to their data
Peter Clayton, MD, PhD	London, UK	Consortium member	Part of consortium which provided access to their data
Karlien L.M. Coene, PhD	Nijmegen, NL	Consortium member	Part of consortium which provided access to their data
Melissa Dibacco, MD	Boston, MA, USA	Consortium member	Part of consortium which provided access to their data
Marjorie Dixon, RD	London, UK	Consortium member	Part of consortium which provided access to their data
Morgan Drumm, BS	Aurora, CO, USA	Consortium member	Part of consortium which provided access to their data
Athansios Evangeliou, MD, PhD	Thessaloniki, Greece	Consortium member	Part of consortium which provided access to their data
François Feillet, MD, PhD	Nancy, France	Consortium member	Part of consortium which provided access to their data
Sommer Gaughan, RD	Aurora, CO, USA	Consortium member	Part of consortium which provided access to their data

Amber Green, RD	London, UK	Consortium member	Part of consortium which provided access to their data
Sabine Grønborg, MD	Copenhagen, Denmark	Consortium member	Part of consortium which provided access to their data
Sravan Jaggumantri, B.Tech	Vancouver, Canada	Consortium member	Part of consortium which provided access to their data
Majdi Kara, MD	Tripoli, Libya	Consortium member	Part of consortium which provided access to their data
Erle Kristensen, MD	Oslo, Norway	Consortium member	Part of consortium which provided access to their data
Rina Lilje, RD	Oslo, Norway	Consortium member	Part of consortium which provided access to their data
Merete Ljungberg, MD	Copenhagen, Denmark	Consortium member	Part of consortium which provided access to their data
Uta Meyer, RD	Hannover, Germany	Consortium member	Part of consortium which provided access to their data
Philippa Mills, PhD	London, UK	Consortium member	Part of consortium which provided access to their data
Chloe Millington, RD	London, UK	Consortium member	Part of consortium which provided access to their data
Carlo Minetti, MD, PhD	Genova, Italy	Consortium member	Part of consortium which provided access to their data
Maria T. Papadopoulou, MD	Thessaloniki, Greece	Consortium member	Part of consortium which provided access to their data
Phillip L. Pearl, MD	Boston, MA, USA	Consortium member	Part of consortium which provided access to their data
Flavia Piazzon, MD, PhD	São Paulo, Brazil	Consortium member	Part of consortium which provided access to their data
Barbara Plecko, MD	Graz, Austria	Consortium member	Part of consortium which provided access to their data

Rick de Rooy, MD	Maastricht, NL	Consortium member	Part of consortium which provided access to their data
Saikat Santra, MRCPCH	Birmingham, UK	Consortium member	Part of consortium which provided access to their data
Arushi G. Saini, MD, DM	Chandigarh, India	Consortium member	Part of consortium which provided access to their data
Hilal Al-Shekail, PhD	Vancouver, Canada	Consortium member	Part of consortium which provided access to their data
Damayanti Sjarif, MD, PhD	Jakarta, Indonesia	Consortium member	Part of consortium which provided access to their data
Edurad Struys, PhD	Amsterdam, NL	Consortium member	Part of consortium which provided access to their data
Nanda Verhoeven-Duif, PhD	Utrecht, NL	Consortium member	Part of consortium which provided access to their data
Joy Yapilito-Lee, MD	Melbourne, VIC, Australia	Consortium member	Part of consortium which provided access to their data
Federico Zara, PhD	Genova, Italy	Consortium member	Part of consortium which provided access to their data
Sameer Zuberi, MD	Glasgow, UK	Consortium member	Part of consortium which provided access to their data
