

Supplemental Digital Appendix 1

Questionnaire Used in Survey of Preceptors at Ambulatory Clinics Regarding Medical Students and the Electronic Medical Record (EMR), 2015

(The authors administered the questionnaire through SurveyMonkey [San Mateo, CA]. The actual questionnaire used automated skip logic, and the formatting does not translate perfectly to a static document).

1. Select a gender.
 - a. Male
 - b. Female
2. Select the year in which you graduated from residency
 - a. Pull-down menu of years
3. What is your medical specialty?
 - a. Family Medicine
 - b. Internal Medicine
4. How would you categorize the practice where you primarily work?
 - a. Private practice
 - b. Hospital owned community practice
 - c. Academic practice
 - d. Federally qualified health center
 - e. Other community health center
 - f. Indian Health Service practice
 - g. Veterans Affairs practice
 - h. Other

*For the remainder of the questions, answer appropriately for the practice where you **primarily** work.*

5. Do you currently use an electronic medical record (EMR) in your practice?
 - a. Yes
 - b. No (if No, skip to question 17)

6. How long has your practice been using your current EMR?
 - a. <1 year
 - b. 1-2 years
 - c. 3-4 years
 - d. >5 years
7. In the past year, have you hosted at least one Family Medicine or Internal Medicine clerkship student at your practice?
 - a. Yes
 - b. No (if no, survey is done)
8. Do you provide clerkship students access to information in your patients' electronic charts?
 - a. Yes
 - b. No (if no skip to question 12)
9. Do you allow clerkship students to write progress notes in your patients' electronic charts?
 - a. Yes (if yes, proceed to 10)
 - b. No (if no, skip to 11)
10. Do you provide clerkship students feedback on their progress notes?
 - a. Yes
 - b. No
11. How do you provide clerkship students access to your patients' electronic charts?
 - a. Provide students their own log-ins/accounts
 - b. Provide students with my user name and password, so they can log in
 - c. Log in students under my account, without showing them my password
 - d. Have students log in under some other provider's account (e.g. a medical assistant or another medical provider at my practice)
 - e. Print a paper copy of the information in a patient's chart without logging the student into the EMR
 - f. Other

Please explain (optional):

12. Have you worked in a practice that used paper charts for documenting progress notes (either a different practice or your current practice previously)?
 - a. Yes (if yes, proceed to 13)
 - b. No (if no, survey is done)

13. Has having an EMR made it easier or harder for clerkship students *to access* your patients' charts?

A Lot Easier Somewhat Easier No difference Somewhat Harder A Lot Harder

Please Explain (optional):

14. Has having an EMR made it easier or harder for clerkship students *to write progress notes* in your patients' charts?

A Lot Easier Somewhat Easier No difference Somewhat Harder A Lot Harder

Please Explain (optional):

15. Has having an EMR made it easier or harder for you to provide clerkship students feedback on their progress notes?

A Lot Easier Somewhat Easier No difference Somewhat Harder A Lot Harder

Please Explain (optional):

16. Has having an EMR made it easier or harder for you to host students in your practice?

A Lot Easier Somewhat Easier No difference Somewhat Harder A Lot Harder

Please Explain (optional):

Survey is done for providers with an EMR.

17. In the past year, have you hosted at least one Family Medicine or Internal Medicine clerkship student at your practice?
